

MCLACHLAN

Kathy and Tom's Experience

To The Mclachlan Team

We recently used Brad McLachlan Homes to build our beautiful Hampton inspired home.

From beginning to the end, they were nothing but professional and efficient, finishing our home in much less than expected time.

We were lucky to have Nyree and Seth helping us through our build, both were excellent and guided us through the build.

As we were overseas when our slab was poured Angela sent us through some photos, so we were kept up to date.

The trades who worked on our house were very polite and helpful.

We felt very involved all the way.

Thanks Brad McLachlan, your team are amazing.

Kathy and Tom
