Custom Designs, for your lifestyle.

No Gimmicks

We encourage you to compare apples with apples.

No bogus freebie's

McLachlan's are confident that our inclusions will go further than our competitors.

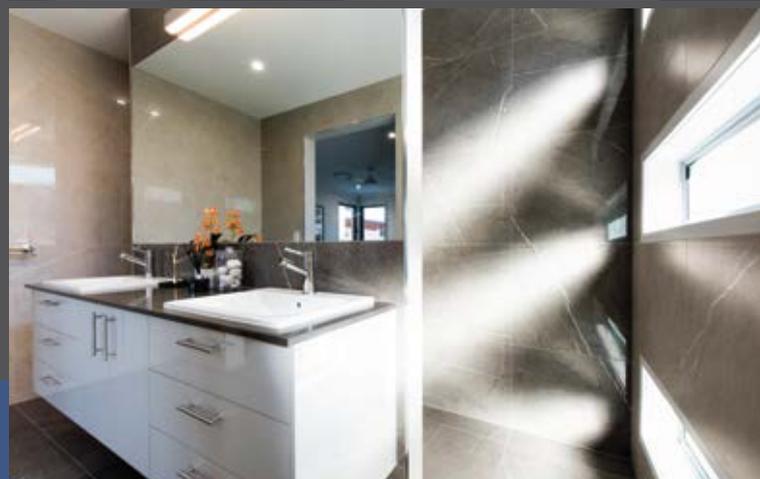

Don't get caught out in the Market place

What seems like a low cost build price may in fact exclude a number of essential features.

Higher level of inclusions

McLachlan's offer a higher level of standard Inclusions than our competitors including Soil Classification, Slab thickness and many more critical components.

Don't get left in the dark and stuck with thousands of dollars of extras.
