

# MCLACHLAN HOMES REVIEW

## AFTERCARE YOU CAN COUNT ON.

Very happy that we went with McLachlan's.

Its been around 1.5 years now since we moved in and just had one of their guys come out and go over the whole place inside and out, to make sure the finish is still perfect.

Did not expect any maintenance to be handled so well.

The build itself went better than expected, they made the process as easy as it can be.
