

# MCLACHLAN HOMES REVIEW

Absolutely loved the layout and finish of The Nadia so much we are building our own version of The Nadia.

The whole process from our first meetings with Chantal through to the final planning with our CSO Sarah, has been a joy.

They are so obliging and are quick to get back to you with any queries you may have. Once the building started the site supervisor kept us up to date with the progress and arranged meetings.

The colour selection with Why Not Tiles was a breeze. Nothing is too much for these girls. I can highly recommend McLachlan Homes to build your next home. The craftsmanship is amazing, your building site is left clean and tidy. There is no rubbish left laying about which is a plus and noticed by the neighbors.

A big compliment to McLachlan Homes for the way in which they respect your property.

Thank you for giving us a beautiful home.

Regards

Lynn

Your Experience, in your words.
