MIN 12.5M BLOCK WIDTH*

Hideway 19 Design option 3 features a reflected approach to the design for those whom prefer the master suite positioned at the rear for added privacy. This peaceful retreat includes a spacious walk-in robe and stylish ensuite, creating a quiet escape from the main living areas. The three additional bedrooms are thoughtfully arranged toward the front and centre of the home, providing flexibility for family, guests, or work-from-home needs.

Central to this layout is the separation of the kitchen and dining zones, giving each space its own identity while still maintaining an easy flow throughout the home. The kitchen features a large walk-through pantry that leads directly to the laundry, maximising practicality and storage efficiency. The dining and living areas connect effortlessly to the under-roof alfresco, providing the ideal setting for relaxed indoor–outdoor living. With its balanced layout and lifestyle-focused design, this variation of the Hideaway 19 offers comfort, versatility, and everyday convenience.
