The Capri 19 delivers strong street appeal and a smart, functional layout designed for modern living. A dedicated study at the front of the home provides the perfect space for working from home, while the well-planned laundry, main bathroom and separate WC add everyday convenience. Three comfortable bedrooms include a private master suite with walk-in robe and ensuite.

At the heart of the home, open-plan living and dining areas flow effortlessly into a beautifully appointed kitchen featuring an island bench, ideal for both family life and entertaining.

Sliding doors connect the living spaces to an under-roof alfresco, filling the home with natural light and creating a seamless indoor–outdoor lifestyle.
